

## **FOR IMMEDIATE RELEASE**

### **TRANSCEND COMMUNICATIONS, INC. OF MINNEAPOLIS, MINNESOTA IMPLEMENTS THE RSA SOLUTION OF TWO-FACTOR AUTHENTICATION FOR FIDELITY NATIONAL INFORMATION SERVICES – LOAN PORTFOLIO SOLUTIONS (FIS – LPS)**

**November 17, 2007 | Transcend Communications, Inc.** today announced it has deployed a data security solution for FIS-LPS of Minneapolis, Minnesota.

“RSA really is the leader in this space. It is a proven technology that is easy to use,” states Dave Funk, Vice President of Information Technologies for FIS-LPS.

As the #1 banking provider, FIS-LPS finds a comfort level with their RSA Authentication Manager and SID700 Key Fob Tokens when it comes to meeting their obligation to compliance. FIS-LPS has at least 145 employees working from home that VPN into their network; making data security a high priority.

Mr. Funk likes working with the Transcend Communications Team. He prefers working with a company that focuses on his business critical needs for security and is able to service them with a high level of trust.

#### **About Fidelity National Information Services**

Fidelity National Information Services, Inc. (NYSE:FIS) is a leading provider of core financial institution processing, card issuer and transaction processing services, mortgage loan processing and related information products and outsourcing services to financial institutions, retailers, mortgage lenders and real estate professionals. FIS has processing and technology relationships with 31 of the top 50 global banks, including nine of the top ten. Nearly 50 percent of all U.S. residential mortgages are processed using FIS software. Headquartered in Jacksonville, Florida, FIS maintains a strong global presence, serving over 7,800 financial institutions. FIS is part of the S&P 500. FIS has also been named the #1 banking technology provider and the #1 overall technology providers in the world by American Banker and Financial Insights (FinTech 100).
